

## Our projects connect and activate urban resources

**KCITY** is an urban planning and development consultancy from Milan with a multidisciplinary approach and a strong commitment to social quality and functional innovation. Our focuses are:

### PLANNING PROCESSES AND TOOLS

Strategic analysis and project management

### ABANDONED BUILDINGS AND DERELICT AREAS

Feasibility studies and strategies to generate shared value

### GRANT OPPORTUNITIES

Business plan and project proposals

### LOCAL NETWORKS AND ORGANIZATIONS

Technical expertise and training services.

*"The city is an interconnected whole. It is defined by an hardware and a software: and they cannot exist without one another... Urban regeneration specialists are among those essential professionals delivering an effective interrelation."*

— C. LANDRY, *City Making*.
